

Rock-paper-scissors

How to play →

In rock-paper-scissors, two players will each randomly choose one of three hand signs:

- ▼ **Rock** (made by making a fist)
- ▼ **Paper** (made by laying your hand flat)
- ▼ **Scissors** wins over paper (because scissors cut paper)

Both players show their signs at the same time to see who will win. Here are the rules that determine which sign beats another:

- ▼ **Rock** wins over scissors (because rock smashes scissors)
- ▼ **Scissors** wins over paper (because scissors cut paper)
- ▼ **Paper** wins over rock (because paper covers rock)

If both players show the same sign, it's a tie.

Good luck!
